GAIL Seeks to Double Share Capital; Add Specialty Chem to Business

New Delhi: GAIL (India) wants to double its share capital as well as add specialty chemicals and clean energy to its line of business as it looks to diversify business beyond natural gas transmission and distribution. GAIL has sought shareholder approval to increase the authorised share capital to ₹10,000 crore from the current ₹5,000 crore to help raise fi-

nance for its expansion plans over the next 3-4 years. The firm is laying natural gas truck pipelines to create a national gas grid as well as expand city gas distribution as part of the government's target of more than doubling the share of natural gas in the primary energy basket to 15 per cent by 2030. "GAIL has a capex plan of approxi-

mately ₹30,000 crore in the next 3-4 years. These projects will be funded partly through internal resources and partly through debt, which may include the equity route," the firm said in a notice to shareholders. Further, the company may also look at issuing bonus equity shares to its shareholders, it said.

India's largest state-owned natural gas processing and distribution company also sought to amend the Memorandum of Association (MoA) to allow entry into new business areas. It wants to diversify into specialty chemicals business, explore possibility of taking equity in energy exchange and pursue acquisitions in solar glass and module manufacturing. -PTI

'Another SSLV Flight Soon'

New Delhi: The failure of India's newest rocket to put small satellites in orbit was not a setback and the space agency will soon attempt another flight, Space Commission

member AS Kiran Kumar has said. He was commenting on the failure of the first demonstration flight of SSLV to put an earth observation satellite and AzaadiSat. -PTI
