VISION

The excellence in life of Mariveles consumers emanates from Mariveles Water District by providing a sustainable and self-reliant water service.

MISSION

To provide the highest level of water service at the lowest costs to the Mariveles consumers and to enhance the quality of life through a convenient living by providing an efficient, responsive and abundant supply of clean and potable water.

QUALITY POLICY

**WE, the MARIVELES WATER DISTRICT
commit our sincere desire to deliver
an adequate supply of potable water and quality service
to satisfy the needs of Mariveles consumers.**

**In doing so, we further commit to meet
our consumers expectations and to fulfill
the relevant statutory and legal requirements.**

**We shall further develop our services
through continuous trainings of personnel
to increase the level of competencies.
Likewise, we shall commit to established
quality management system
and continuously improve our services.**
