The Garden Plain Farmer's Co-op Board of Directors would like to introduce you to our next General Manager, Rusty Morehead. The Farmer's Co-op Board is looking forward to his leadership and believe that our success will continue, and both employees and members will benefit.

Rusty graduated from Kansas State University in 2008 with a Bachelor's of Animal Science with a Business Option and has been employed in various Cooperative and Agricultural Settings in Nebraska and Kansas. He most recently served as CEO of Progressive Ag Cooperative in Wellington, KS. His ability to communicate, manage employees, gain efficiencies, and increase market shares have been proven and our board sees our future as the Farmer's Co-op to benefit from his hiring and continue the growth we have shared under the leadership of Terry.

Rusty is married to Kara and they have three children, Gus, Clancy, and Lilibeth. In their spare time they enjoy the outdoors and going to all the kid's activities. A few other hobbies are team roping, fishing, and hunting. In visiting with Rusty, he said he is very excited for the opportunity to lead Farmer's Cooperative into the future and continue to build on the past successes that the Cooperative has had. He also looks forward to meeting and working with all the employees and patrons of our Cooperative.

Rusty will begin January 25th and Terry's last day will be January 29th. We will be having a retirement party for Terry and will announce the date at a later time.

Happy New Year to each of you and if you ever have the need to contact myself or another board member, please don't hesitate!

Sincerely,

Dixie Brewster
Farmer's Co-op Board Chair
