

**March 5, 2019**

Wheat and corn futures closed higher today while soybeans closed lower. USDA will release the March Crop Production and WASDE reports on March 8. Not many changes are expected compared to the February report. Commodity funds are very short for this time of year. See page 3 for the numbers.

Markets are waiting for "the deal" in the trade and tariff talks.

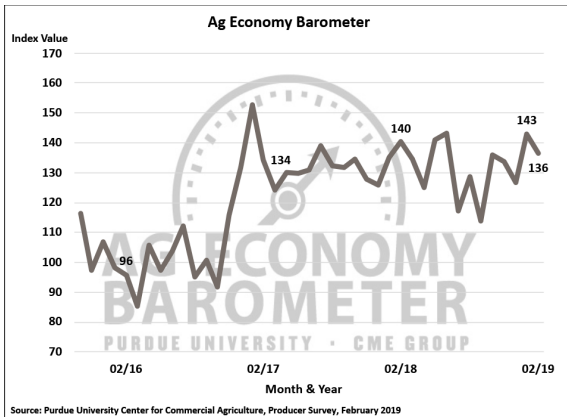

Spring crop insurance prices are \$4.00 for corn and \$9.54 for soybeans. Crop insurance decisions must be made by March 15th.

See page 2 for the February USDA numbers.
