

To : Offerle Cooperative Grain & Supply Customer

Subject : Covid-19 Update 3-25-2020

The current outbreak of the Covid-19 virus is changing hourly at this point. Extreme measures have been taken in numerous counties of Kansas and across our great nation. The health and well being of our employees and member / customers is very important to us.

We are doing what we can to keep the doors open for you our valued customer and keep employees and patrons safe. We would ask that you use electronic means of communication such as phone, text or email as a means of communication for as much business as possible, to keep personal contact to a minimum during this trying time. If you need any products, please call ahead and we will get it ready ahead of time and set it out for pickup. If you need loading assistance please let us know and we will work with you to get it loaded for you when you arrive. We appreciate your cooperation during this unprecedented time.

The offices are still open for business and as the situation warrants any additional threats will be responded to as needed. We value our relationships and as the spring season ramps up, we will do all in our powers to meet your needs. These are trying times and your patience with any new developments and procedures is appreciated. We are committed to your success!!

Richard Kimbrel

Interim General Manager
