

SEASONAL AVERAGE

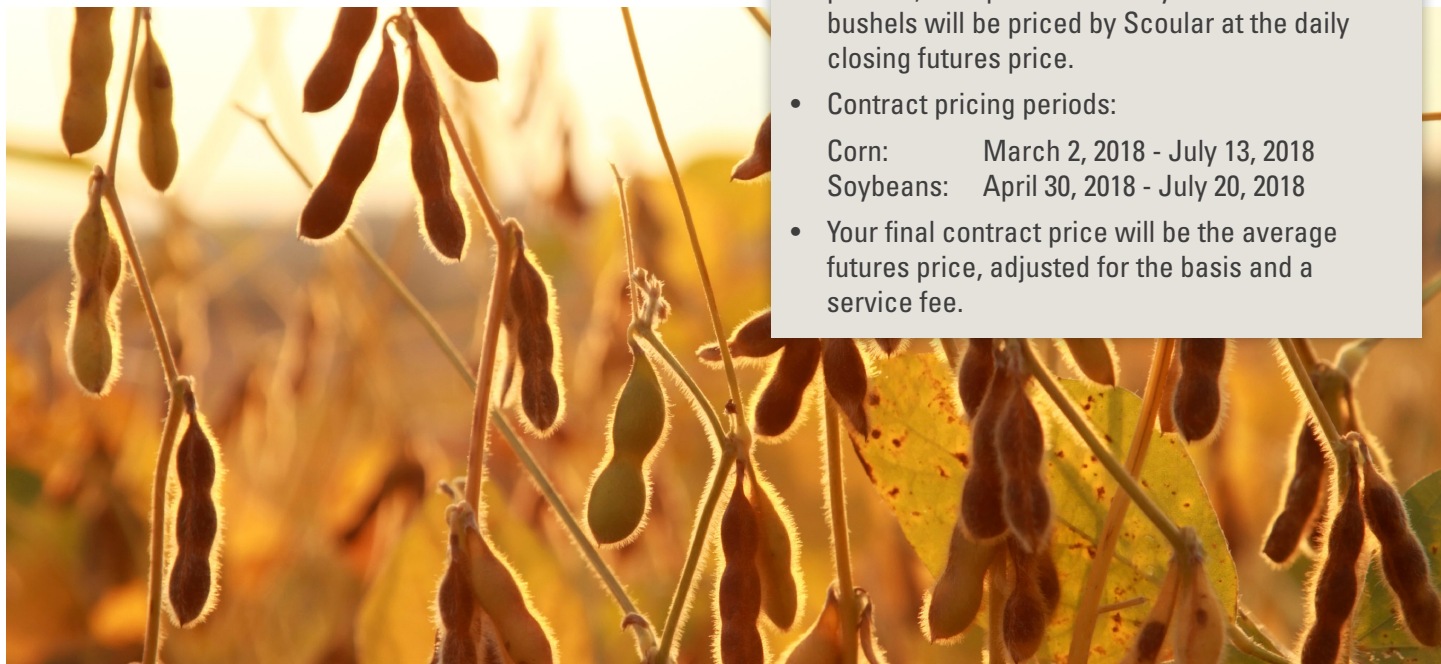

You know that there are better times of the year than others to market your grain. And yet sometimes despite what you know, emotions get the best of you.

Let us help you price your grain a little bit at a time so your average sales price creates a win more often than not.

Call us and we will discuss the various options available to diversify your marketing strategy.

Contact a Scoular merchandiser today to put our Seasonal Average contract to work for you.

- Commit a portion of next year's crop between now and March 2, 2018 (for corn) and April 30, 2018 (for soybeans.)
- Establish your basis any time prior to delivery.
- Each day during the pre-determined pricing periods, an equal amount of your contracted bushels will be priced by Scoular at the daily closing futures price.
- Contract pricing periods:
Corn: March 2, 2018 - July 13, 2018
Soybeans: April 30, 2018 - July 20, 2018
- Your final contract price will be the average futures price, adjusted for the basis and a service fee.

Scoular has survived and thrived in the grain industry for 125 years. We understand that when you succeed, we succeed. That's why we think about your marketing like it's our own. We are committed to offering you competitive and creative options to help you get the best price for your grain.

Contact a Scoular merchandiser for more details about our Seasonal Average contract and other marketing options.
