South Order Desk
402-223-3200

After receiving your first delivery of 100 gallons or more of United Super Premium Fleet or United Universal Transdrailic Fluid, submit this form with a copy of your sales invoice from December 1, 2017 to February 28, 2018 to: GROWMARK Lubricants, 1701 Towanda Avenue, Bloomington, IL 61701.

Put Your Yield Data to Work!

Yield Map Based Fertility Recs

With intensive soil sampling and taking into account nutrient removal based on your yield data, we can improve product placement/rate efficiency and yield across your farm.

Product Placement and Rate Recs

Yield data is perhaps the best source for creating management zones that can be used for variable rate seeding, variable rate fertilizer, zone based product analysis, etc.

Advanced Yield Analysis

We can analyze the performance of your products used to determine the best products and rates to use next year.
