**Special Cow, Bred Heifer, and Breeding Bull Sale**

**In Conjunction with Special Calf & Yearling Sale**

Compared to the last sale two weeks ago, steers and heifers traded sharply lower. Slaughter cows 3.00 to 8.00 higher. While on paper, some weights and classes did appear to trade as much as 25.00 lower or even more in drastic instances, that's not a truly fair or accurate representation of this week's market activity, as the trade here in Green City two weeks ago was simply off the charts. Combine that with this week's bird flu influenced market volatility and the high prices from two weeks ago simply couldn't be achieved as buyers have pulled back on the reins pretty hard since Monday. Supply moderate, demand moderate, good in spots. Supply included: 97% Feeder Cattle (58% Steers, 42% Heifers); 3% Slaughter Cattle (97% Cows, 3% Bulls). Feeder cattle supply over 600 lbs was 56%.

**Steers**
