weighing out on scale

**** AT THE TIME OF DELIVERY ALL GRAIN MUST BE STATED AS SPOT
PRICE, CONTRACT, STORAGE OR DELAY PRICE****

****SUBJECT TO CHANGE AT ANYTIME WITHOUT NOTICE****

Load out Charges

Assessed only if grain is loaded out for account of owner. All grain is charged 8¢ per bushel.

Grain Direct Ship –

Direct shipments to river will be graded according to that terminal's discounts. In the event of over delivery, the overage will be priced off of the river settlement spot price given to Agri-Way Partners, LLC. In the event of under delivery, the seller will be responsible for any charges from the terminal to release Agri-Way Partners, LLC. from the contract. No checks will be issued before settlement is received from the terminal.

Grain Purchasing

All grain sold will need a grain contract *signed* before completion of sale. All grain delivered will be applied to contracts first. Corn bids may be adjusted to reflect a pick-up charge depending on location of grain

Checks will be available on Tuesday and Friday.

Credit Sale Contracts

- Deferred Payment
- Basis
- Delay Price
- Minimum Price Guarantee
- Extended Price

Target Offer

A target offer is a good way not to miss out on any potential rallies in the market. You even have the flexibility to leave the basis or futures open. If you have any questions about how that works, please let us know.

HTA Contracts

The HTA contract is one that offers the seller of grain the ability to lock in the futures market portion on a cash grain contract. The basis portion of the cash grain contract will be locked in at a later date per contract specifications.

NON-GMO YC Direct Ship program

We do offer a Non-GMO YC Direct Ship program on a first come first serve basis. Please call our Grain Manager for more details.
