

Agronomy Sales Intern

If you would like to see what having a full-time career is like while you are still in school, our agronomy sales internship is a great way to gain hands on experience while being supervised by our agronomy team.

Duties include but are not limited to:

- Study a farm's crop production in order to discern the best way to plan, harvest and cultivate the plants in any weather.
- Recognition of weeds, insects, disease and other crop hazards and how to prevent and control them
- Promoting the sale of products including crop protection, fertilizer and seed
- Being punctual and working hard to learn the most from our dedicated and knowledgeable agronomy staff
- The ability to analyze, make decision and promote findings to members and co-workers

If you would like to take advantage of this learning opportunity, please send your resume to dvix@farmerswin.com or contact the location that is hiring.

All qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, disability, age, sex, or any other classification protected by federal, state or local laws.
