

SHOP MECHANIC

Job Description:

This position will be performing maintenance/ mechanic work on Farmers Win Coop equipment, as well as customer's equipment as part of the shop's retail business.

This position will be involved in gas and diesel equipment repair, installation and servicing tires, making recommendations to customers and performing other duties as assigned by the shop manager.

This position will need to be highly organized with the ability to prioritize jobs so deadlines are met.

Five years' experience in gas engine and diesel engine repair is required.
