Hedge-to-Arrive (HTA) Contract Fees & Policies

HTA contracts shall be written in full contract size only

- 5,000 bushels – Corn, Milo, Soybeans & Wheat
- 1,000 bushels (MINI) – Soybeans only

Contract quantities may be split between joint individuals (those farming together).

Board of Trade fills, to the nearest quarter cent, are given to the customer.

There are additional fees associated with HTA contracts. These fees will be removed from final contract price when priced. Contact qualified **Ag Valley Cooperative (AVC)** grain merchandising personnel for HTA fee schedules.

HTA contracts, or portions of, must be priced (basis established) in contract size increments. For example, if Joe Farmer has an unpriced (basis not yet determined) 10,000 bushel HTA corn contract with **AVC**, pricing must be done in 5,000 bushel increments or all at once. Unless originally written as a MINI sized contract, soybeans must also be priced this way. Odd bushel amounts will not be allowed.

The Customer will be allowed to roll his/her HTA contract forward one time within the same marketing year for a small fee. Contact qualified **Ag Valley Cooperative (AVC)** grain merchandising personnel for HTA fee schedules.

In-store bushels are still subject to storage costs until HTA contracts are priced.

AVC reserves to right to change HTA policies or fees without notice.
