

Xtend Trait Verification and Field Surrounding Area Documentation

Grower: _____

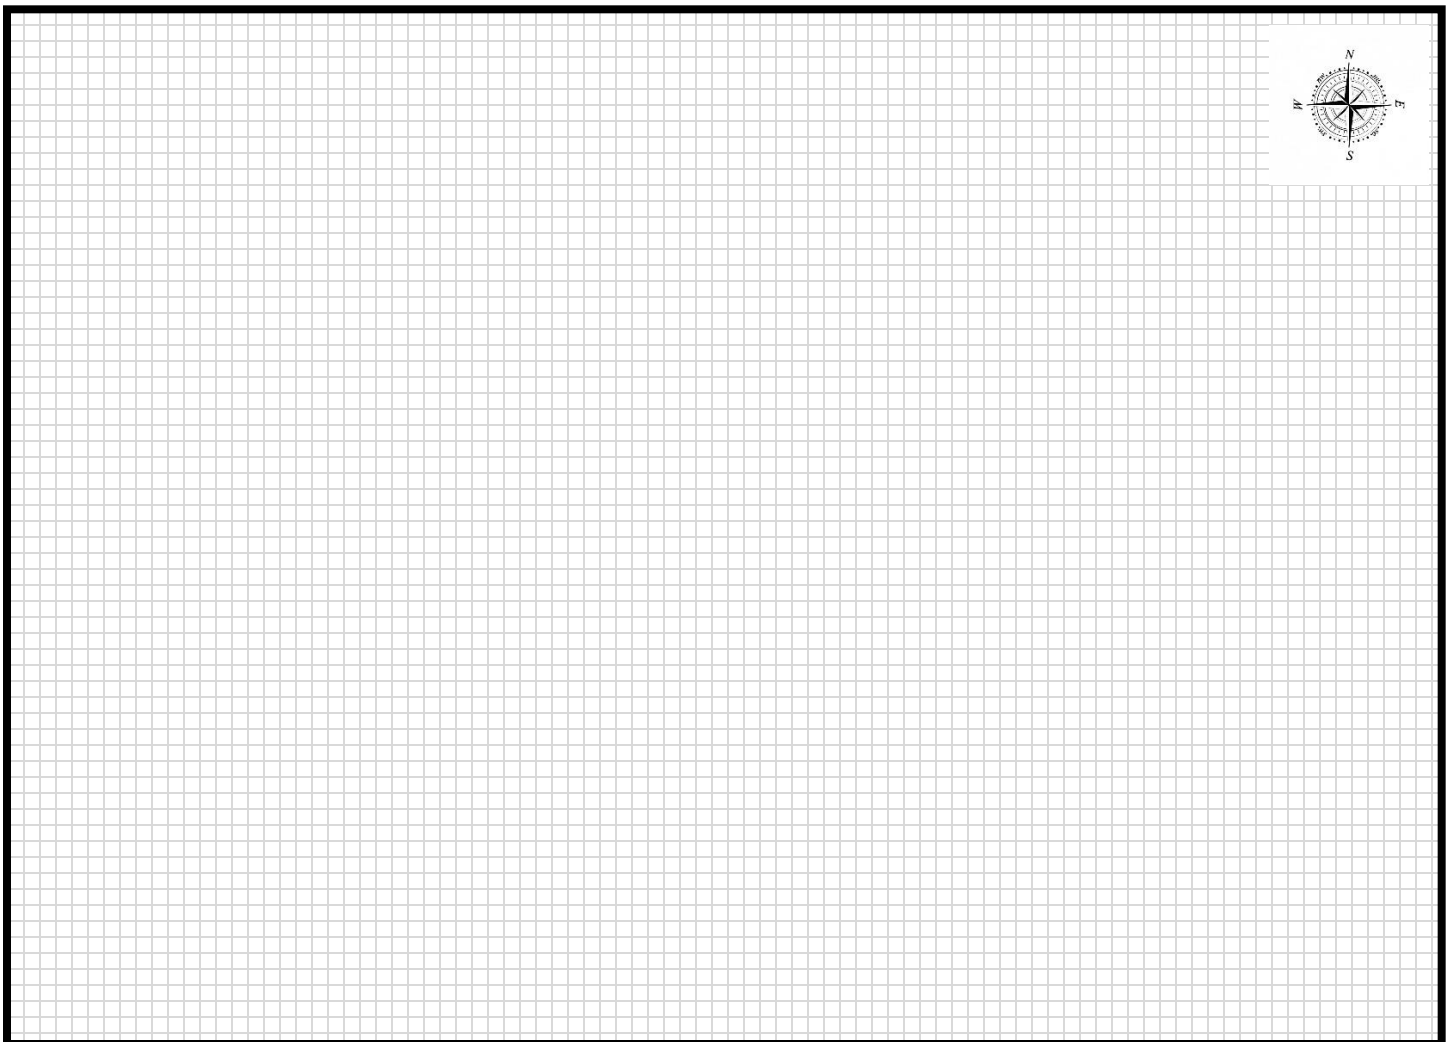

Field: _____

Acres: _____

Entire field was planted with soybeans containing Xtend trait: _____ Yes _____ No

Date field planted: _____

Please draw a sketch of field (or attach an aerial photo) and indicate surrounding land use within at least ¼ mile. If neighboring field is soybeans, indicate trait(s) contained. Also note if there are any other special considerations (nursery .5 mile away, etc) and any other information that might be beneficial (surrounding grower name, date surveyed, etc)

A large grid area for drawing a sketch of the field and surrounding land use. A compass rose is located in the top right corner of the grid.

I certify the above information is accurate and will inform Akron Services, Inc immediately if any information is found to be in accurate or changes.
