		<47.0	Subject to rejection. If accepted, 3 cents per pound added discount.

Additional quality requirements
Heat Damage: 1.0 cents/bu for each 1/10 of 1% over 0.2%. Over 1.0% subject to rejection.
Aflatoxin/Vomitoxin/other toxins: Over 0 subject to rejection. Contact Nugen prior to delivery if toxins are suspected.
Other: Musty, sour, or infested corn subject to rejection. Corn with excessive snow or ice, or a commercially objectionable foreign odor, is subject to rejection. If accepted, 5.0 cents/bu discount.
Corn containing rodent or bird contamination, stones, glass, or other commercially undesirable foreign material will be rejected.
Any load with above 3% other grains or soybeans will be rejected.
Each load is graded and discounted on its own merit. No averaging.
We reserve the right to reject any load for unacceptable quality.

Final Notes
All corn delivered to NuGen Energy will be priced or put on a delayed pricing program prior to delivery, or spotted out at the closing bid on the date of delivery.
NuGen Energy will send checks on Tuesday and Thursday of each week for corn delivered prior to that day.
All grain and contract splits between producer and landlords need to be done prior to delivery. Corn that is under loan must be communicated that it is under loan, in which case the loan will be paid off to the respective FSA office, and the balance will go to the producer.
