

Wheat Vomitoxin Testing Policy

Central Valley Ag, Cloud Co Coop, Concordia Terminal,

Randall Coop & Trinity Ag

Effective 9/5/2019

Due to the elevated levels of toxins and stringent guidelines in wheat marketability all AgMark locations will be testing all incoming wheat for vomitoxin levels.

Per Load Samples will be collected and retained with a **Daily Composite** being compiled at the end of each day.

The Daily Composite will be sent to **Kansas Grain Inspection** for testing.

Grades and Discounts will be applied to loads associated with that composite sample.

Grain may be applied to contract or priced but settlement will not be made until test results are back.

The following Vomitoxin discount schedule applies:

Vomitoxin	
2.1-2.5	\$0.05
2.6-3.0	\$0.10
3.1-3.5	\$0.15
3.6-4.0	\$0.20
4.1-4.5	\$0.25
4.6-5.0	\$0.30
Plus \$0.05 Each 0.5 Up	

All discounts subject to change without notice
