

Agri-Business Insurance Services

Why **ABIS** ? JH Ward Agency

As crop insurance specialists with a company history of nearly 150 years, combined crop insurance experience of over 100 years, the latest mapping technology and excellent customer service, CropInsurance.com is your best choice for creating a risk protection strategy to benefit your farming operation today... and well into the future! Here's why:

- We work for you, not the insurance company
- Agribusiness is what we do – we are the crop insurance experts
- Our passion is to offer the best value for your crop insurance dollar
- Access to major crop insurance companies
- One-on-one consulting and policy analysis custom-fit for your farming operation
- Client portal – www.cropinsurance.com
- Complimentary farm maps
- Annual crop insurance update
- History dating back to 1865, providing you with stability you can trust

An Equal Opportunity Provider

Changing Times require a Change in Strategy

The ABIS Difference

We work for YOU... Not the insurance company

As independent insurance agents, we are dedicated to finding you the right insurance coverage options at the right price. We maintain strong working relations with major crop insurance underwriters. By comparing coverage, service and financial strength of multiple insurance companies, we make sure that your crop insurance program is custom-tailored for your farm operation and placed with one of our quality crop insurance carriers.

It pays to partner with a specialist

Federal Crop Insurance is the same price offering the same options to everyone regardless of which agency or company you choose to place your crop insurance policy. You may want to ask yourself, "What kind of expertise, service and attention am I really getting from my current crop agent?" Does your current agent really have the time, experience, and expertise to provide the help you need?

Our Services

Multiple Peril Crop Insurance (MPCI) & Crop-Hail

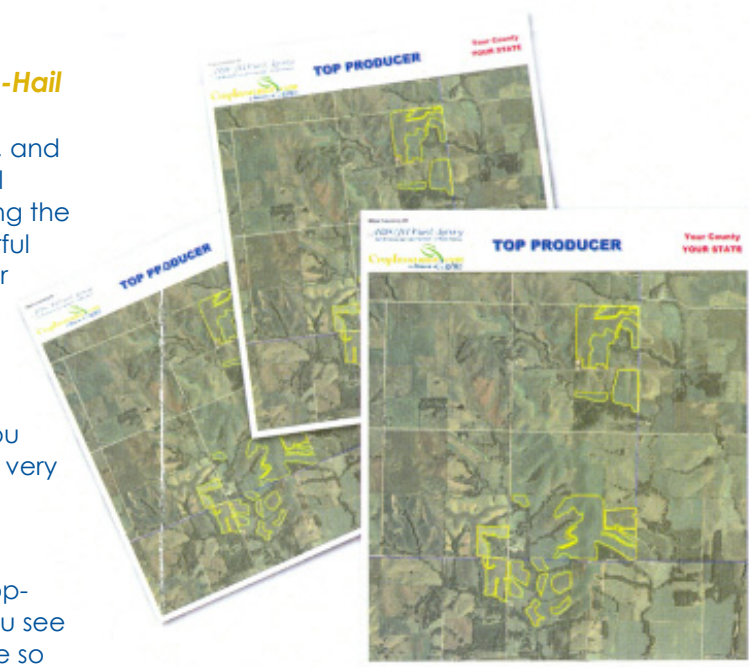

We offer first-class consultation on each of the various MPCI plans including: RP, YP, ARP, AYP, and WFRP. We are proud to offer the best crop-hail plans and service at competitive rates. Bundling the right crop-hail plan with MPCI can be a powerful yet cost-effective approach to managing your crop risk.

Claims Management Services

We are on your side. We work for you, not the insurance company. When losses do occur, you can count on us to make sure you receive the very best service and settlement possible.

Field Mapping

One of our most talked-about services is our top-quality map booklets and wall maps. Once you see them first-hand, you'll understand why they are so popular among our many satisfied customers. And best of all, this service is of *no charge* to our MPCI customers.

Why maps?

- Minimize Confusion
- Ease Communication
- Provide Direction
- Improve Record-Keeping
- Increase Organization

For more information about our services,
please feel free to visit us at our office
or online at www.cropinsurance.com.
