

# Welcome to

## East Findlay Grain

### Notes:

Please enter our facility from County Road 236 and proceed west towards the scales. Be sure your tarp is open, and yield to outbound trucks coming eastbound from the scales. Once weighed and probed, you will hear a buzzer and following the buzz proceed to the assigned dump pit. Once empty, exit the pit and loop around the loadouts and proceed to the scales heading west, yielding to inbound trucks coming off the scales. Once weighed empty, please retrieve your scale ticket from the office and exit our facility on County Road 236. Thank you for visiting, and for your continued support of Legacy Farmers Cooperative.
