

Welcome to

Shawtown Grain

Notes:

Please enter our facility from County Road 115 and proceed east towards the scales. Be sure your tarp is open, and yield to outbound trucks coming westbound off the scales. Once weighed and probed, you will be given a signal. Following the signal, proceed to the dump pit. Once empty, exit the pit and loop around the bins to the north. Return to the scales, westbound, yielding to traffic on 1st Street and inbound trucks coming off the scales. Once weighed empty, please retrieve your scale ticket from the office when signaled to do so, then exit the scale. Thank you for visiting, and for your support of Legacy Farmers Cooperative.
