

The Hi-Velocity *Air Purification System*

In-Duct Whole
Home
Air Purifiers

Superior Indoor Air Quality

- Computerized Service Panel
- Brilliant Engineering = Easy to Service
- Only 7 cents per day to Operate Full Time
- Ultraviolet Light Kills Disease Germs on Contact
- Complete Home Purification up to 3,000 Sq. Feet
- MERV-13 Filter Removes Allergens Electrostatically
- Chemical Free, Allergen Free, Odor Free, Germ Free Living!
- Experience Superior Indoor Air Quality in Every Room of your Home or Office
- "Photo-Catalytic Oxidation" Destroys Toxic Chemicals and Eliminates Household Odors

The *Hi-Velocity* Air Purification System

In-Duct Whole Home Air Purification System

HE-PS In-Duct Purification

The **Hi-Velocity Air Purification System (HE PS)** is a Technologically Advanced In-Duct Air Purifier, which is easily installed on any existing Heating and Cooling System.

The HE PS Hi-Velocity Air Purification System has 3 Technologies to give you the Cleanest Air Possible

Electrostatic MERV-13 Filter Removes Allergens Electrostatically

(LEED Certified MERV-14 Filters Also Available)

Remove allergens so small that they can only be seen with a microscope. Pollen, mold, fungal spores, dust mites, cockroach dust, tobacco smoke and bacteria are but a few examples.

"Photo-Catalytic Oxidation" Destroys Toxic Chemicals and Eliminates Household Odors:

Photo-Catalytic Oxidation converts toxic compounds, even carbon monoxide and nitrous oxide, into benign constituents such as carbon dioxide and water without wearing out or losing its effectiveness.

Ultraviolet Light Kills Disease Germs on Contact:

Ultraviolet light 10,000 times the intensity of sun light kills viruses and bacteria too small to be filtered out by a Hepa filter.

Imagine:

- In only **two days** your nose will know the difference. **No more unpleasant household odors** from any source.
- Dramatically reduce family sickness. **No more never ending bouts with colds and influenza.**
- **Sleep soundly** in clean air without alcohol ridden cough syrups and antihistamines.
- **In-home relief** from asthma, hay fever, chronic cough, wheezing, sneezing, runny nose, sore throats and sinus problems.
- **Reduce** allergy induced **fatigue, headaches, breathing problems and sleep loss.**
- **Freedom** from constant house cleaning and dusting.
- **Eliminate** pet odors and dander.

Computerized Service Panel

Service your system in less than 10 minutes, without the need for tools!

Superior Indoor Air Quality In Every Room

HE PS P-20 Portable Hi-Velocity Air Purification System

*This powerfully advanced Stand-alone
System has 5 steps to give you the
cleanest air possible:*

- Step 1** A **Treated Pre-filter** removes all particles from the air larger than 5 microns.
- Step 2** A hospital grade **HEPA Filter** removes allergens so small they can only be seen by a microscope.
- Step 3** A specially formulated **Gas Absorption Media** removes toxic fumes.
- Step 4** “**Photo-Catalytic Oxidation**” destroys toxic chemicals and eliminates household odors.
- Step 5** **Ultraviolet light** 10,000 times the intensity of sunlight kills viruses and bacteria on contact.

HE-PS-P20 Portable Air Purification

Electronic Sensors Protect your Family from Pollutants

Electronic sensors monitor air quality and automatically increase air purifier performance to compensate for periods of usually high chemical activity or during periods of high particle counts.

Pollution

Carbon Monoxide

Aerosols

Chemicals

Smoke

Infrared Motion Detector saves energy when the room is unoccupied

Warning lights alert homeowners before air quality reaches dangerous level

The Modern Solution for all of your Heating, Cooling and Indoor Air Quality Needs.
