PART 2

PERSONAL GROWTH

Your challenge this week:

Write how much money you earn each week or make a list of some of the items you own.

If you have some income from your job or your allowance, figure out what 10% of that would be.

Or circle the items you would be able to give away.

Pray and ask God to help you give and open your heart to Him.

Why is it so difficult to give the things we own or earn away?

Why is giving to God different from just giving something to your sibling or friend?

How does it make you feel to give to others?
