Finding out about Québec and various aspects of temporary work

Since you are coming to Québec to work, it is important to inform yourself about certain issues specifically related to temporary workers:

- Importance of temporary workers
- Schooling of the children of temporary workers
- Opportunities offered to the spouse of the temporary worker
- Tax holiday for foreign researchers, experts or specialists

You will be living in Québec society and among its citizens, so take the time to find out about life here. This will make your stay that much more enjoyable.

Among other things, find out about:

- values, openness, individual rights and responsibilities. See [Society and Common values](#)
- French, the common public language spoken by 82% of the population. See [Society - French language](#)
- the advantages of living in Québec, the quality of life, cost of living, safety, the economy and its many attractions. See [Why choose Québec?](#)
- the particular conditions related to the practice of your profession or trade (access to regulated professions and trades). See [Employment](#)
- Québec's health services, school system, child care services, income security, tax obligations, etc. See [Daily life in Québec](#)
- other topics of interest include religion, women and children's rights, cultural communities, history, politics, climate, culture, main leisure activities and the seasons. See [Why choose Québec?](#)
