

## *Fly in the Air – Parasailing*

*Up... Up... & Away...!*

*If u recall there will be at least one instance wherein, you would have wished to fly like a bird – Here is that chance. Flying high like a free bird, stretching your arms wide, feeling the wind brushing against your body, with birds' eye view of the beautiful landscape, is an exhilarating experience. Parasailing, the most popular outdoor activity makes this sheer thrill and excitement of being airborne possible.*

The enthusiast is strapped on to a harness and to an ascending type round parachute. As the Gypsy moves ahead the harnessed enthusiast gets towed forward, your pulse

quickens...one...two...three... & suddenly your feet will leave the ground. Heart in mouth, you gradually become aware of a new perspective of your surroundings - bird's eye view, looking down at things you normally look up to. You experience a new sense of freedom, of practically floating on air. Then you level off. The feeling of being up in the air above 300 feet from the earth suspended by the parachute is an exhilarating. Your heart stops thumping and you can enjoy the peacefulness of your new environment.

Nisarga is organizing Parasailing event on every Saturday & Sunday at Hoskotte Lake bed.
