1 INTENT AND OVERVIEW

1.1 Intent

The intent of this schedule is to provide for a wide range of commercial uses serving both local and city-wide needs in commercial and mixed-use residential buildings. This schedule emphasizes building design that promotes compatibility among uses, ensures liveability, limits impact on adjacent residential sites, and contributes to pedestrian interest and amenity. In addition, this schedule encourages mixed-use residential buildings that contain secure rental housing by including provisions for residential rental tenure buildings.

1.2 Overview

The table below provides an overview of outright and conditional approval uses in the C-2A district, categorized by the minimum site area required, where applicable. Applicable density, form and placement regulations in section 3 of this schedule are cross-referenced in the third column.

2.1 Outright and Conditional Approval Uses

The uses identified in the table below as outright approval uses are permitted in this district and will be issued a permit.

The uses identified in the table below as conditional approval uses may be approved in this district by the Director of Planning or Development Permit Board, with or without conditions, if the Director of Planning or Development Permit Board considers:

(a) the intent of this schedule and all applicable Council policies and guidelines; and

(b) the submission of any advisory group, property owner or tenant.

Uses are listed under their general land use category. Applicable use-specific regulations in section 2.2 of this schedule are cross-referenced in the third column.
