“ Thank you so much for moving my house furniture on March 18th 2013. You and your men done a fab job, nothing broken or chipped or dented. I had some big appliances like my double range cooker and big fridge freezer and they were well packed with thick cling film slink wrapped, everything was slink wrapped to keep it dry, clean and safe and from breaking. Everything was put in the correct rooms and because of that the whole six bedrooms house was unpacked and put away in a day and half. Don't bother with city moves from Cardiff Bay, they are a load of rubbish, I used them for 2 previous moves last yr and the yr before, lots of broken and dented appliances. they lie and say that other companies are not insured or say that they are a man with a van, just so they get the business. If and when I move again, I will only use Merthyr Self Storage. Jason and his crew went over and above the normal call of duty to ensure my move was perfect, as I have my husband in Afghanistan at war. Anyone who wants to ring me for a ref for this company please do so on 01656 712161. ”
