Perrysburg, Oh 43551

General Info

We field a Varsity team of 16-18 players, a Junior Varsity team consisting of 14-16 players. **and a JV B team of 14-16 players.**

The Varsity will consist of the best players in our program regardless of class.

The JV team will be made up of sophomores and freshmen. Possibly 1-2 juniors/

The JV B team will be all Freshmen.

We offer Open Field Workouts starting on Sept 5 for players not in a Fall Sport.. Seniors and Juniors and some Sophomores on Mondays and Thursdays and Freshmen and some sophomores on Wednesdays. Mondays will be groups work and Wednesday and Thursdays will be pickup games. I can watch and see each player's ability to run, hit, throw, and field. It is something you want to attend if not in a sport, as you can showcase your talents better than in a gym in the winter.

We will take November off, until after Thanksgiving. excepts for open hitting for a few days. We start open gyms and individualized instruction November 27th.

For Individualized instruction we are allowed to instruct and coach up to 6 players at a time. For players not in a Winter Sport-we will assign a time for you to work with me one or two days a week as well as open gyms where you can work on baseball skills. You will be assigned a time slot Monday-Thursday from 3:45-6:15. This year all open gym and individual workouts will be in the aux gym.

During November thru March

Weight-lifting -players are encouraged to lift on their own as the weight room at the high school has been depleted of a lot of equipment,

A fitness test is held prior to tryouts for all players not in a winter sport on Saturday Feb 17 from 10:00 am-noon. Make sure to let your CYO Basketball Coaches know.

Tryouts begin Monday February 19th for all players not still in a sport.

We will have tryouts beginning February 19th and the first three days of practice we will be making cuts. Final cuts will be made by Thursday or until the following week after all the winter sport people are practicing with us.

We will play games and practice over Spring Break. I am almost finished with the varsity and Jv schedules and about half done with te freshmen schedule, Please make sure to be here over spring break.

Updated schedules are on the Google Calendar. They will be added to Game Changer in the fall

In this pamphlet is a list of dates that you can mark on your calendar.

TRYOUT RATING

We try to objectively structure our tryout process. As a coaching staff, we decided which areas were most important to us. These include skills (such as command of the strike zone or being able to bunt for a base hit) and intangible qualities (such as coachability). We then devised a grading scale that we use to rate players in each of those qualities. These totals are a large part of our decision-making process, but the numbers do not dictate our selections.

We also use the following guidelines:

- Players with academic question marks do not make the team.
- Seniors may only play varsity.
- Juniors selected for the JV team are projected starters for varsity the next year or are expected to provide leadership for younger student-athletes.
- Sophomores and freshmen are selected for varsity only if they are going to start at

positions or be key backup at several positions.

- Specialists receive extra consideration when filling the final few roster spots. For example, we may keep good bunter to fill the final spot or a defensive player, even if other players rated higher.
- We avoid having two seniors at the same position if they don't play other positions, such as a starting and back-up shortstop.
- Players who have previously played in high school receive consideration over those who have not (except freshmen).

Summer Baseball

We will try to have 2 summer teams that will play in PBR tournaments and the Acme Tournaments next summer. I would like everyone to play for us a if we stay together we will be that much better in the spring. With College coaches not being able to talk to players until August 1 of their Junior year-the recruiting process will be much different next year. We charge about \$125-\$150 a player and play most of our games at Leyland Field.
