PRIVATE AND CONFIDENTIAL - COMPETITIVELY SENSITIVE INFORMATION

PRO / FRANCHISE CUT

- **Consistency**

- We pride ourselves on consistency.
- We will cut however many it takes to achieve the order.

- **Accountability**

- Everyone in the process has the right to throw a bat out if they do not like something about the piece of wood.
- Every part of the production process serves as a quality check point.

- **No Favorites**

- All players/teams/customers receive the same treatment.
- No special MLB section of wood.

• Orders from professional players are handcrafted to their exact specifications, or preferred cut. During production, if any bat in their order doesn't match their desired specs, that bat is pulled and sold as a "Professional Cut."

• Pro Cuts are not "blem" bats; they simply did not match what the player requested. Customers can choose their length and color, but Pro Cuts cannot be selected by model.
