# GOT FAMILY!

VOLUME 1 ISSUE 1

JULY 2015

## THE JOHN HENRY FOSTER FAMILY AWARD

THE JOHN HENRY FOSTER FAMILY AWARD is an annual awards program which recognizes a family living in the Hampton Roads region who embodies the spirit of togetherness, leadership and service which impact the quality of life in the community.

This family award is based on the idea that a family can best serve the community when they work together through the power of team spirit and actively involve others in their cause as

members of their team.

Dr. John Henry Foster's life embodied many wonderful and distinctive characteristics. The qualities that were most impressive were his ability to work together in unity and togetherness at home and in the community; his powerful and productive leadership; and his kind and giving heart, willing to serve others.

Based on these core values, The Hampton Roads 7 Cities Pro-Am, Inc. has created

**"THE JOHN HENRY FOSTER FAMILY AWARD"**, to be awarded annually to a family in Hampton Roads who embodies, like Dr. John H. Foster, the character of togetherness, leadership and service in the community.

The family will receive a proclamation from the mayor, a plaque and a monetary award given as a token to support the cause promoted by the family.
