## Special Waiver Request for a Child Requesting to Play in another League's Boundary

If a parent requests your league to allow them to play in your league's boundary and not in the boundary they live in, then follow these steps:

- 1. Have the parent put the request in writing. Their letter should state ALL the reasons why they are asking your league to allow them to play in your boundary. Also, their letter should state if they are requesting to play Regular Season only or to include all Special Games and International Tournaments. (Tell the parent you will have to contact the old league and get their comments & their recommendation.) They should also fill out the OOB waiver form.
- 2. Their letter should then be presented to your BOD (E-Board At Minimum). Have your BOD (E-Board At Minimum) approve or deny the parent's request for the Special Waiver. If your BOD (E-Board At Minimum) denies the request, then the process stops. Send a letter back to the parents and tell them of the BOD's (E-Board At Minimum) decision.
- 3. If your BOD (E-Board At Minimum) approves the waiver request, then the League President writes a letter to the District Administrator stating your BOD (E-Board At Minimum) has approved the submittal of the request from (Player's Name) to play in your league and are requesting Charter Waiver to allow (Player's Name and League Age) to play Regular Season or Regular Season, Special Games and International Tournaments.
- 4. These two letters are submitted to the League President of the league whose boundary the player now lives in and requests the President to recommend or not recommend approval of this waiver. Whether or not the President concurs, the waiver will still be sent to District Administrator.

  5. The District Administrator will review the letters and then submit them to the Central Region office in Indianapolis with his/her recommendation. The Regional Office will present this waiver to the Charter Committee for a decision.
- 6. The Central Region office will respond back to the League President who requesting this Charter Committee waiver and give the results. They will copy the DA.

During this time, the player CANNOT participate in your league. This process can take several weeks / months.

## Little League Baseball and Softball Boundary Waiver Request Form
