

Fall Baseball & Softball Information

Many people are unaware that LBFY offers Fall baseball and softball in addition to our Spring season. Each year in late May/ early June an email will be sent out to all families in our league for the Spring season and posted on our Facebook page @littlestownbaseballsoftball to review interest in playing for the Fall season.

Both our Fall baseball and softball teams play in a large league based in York. Games played during the Fall season can be played anywhere in York or Adams Counties. However games played in Fall are played on weekends which helps with the added travel required. Games are scheduled on both Saturdays and Sundays and the older age groups play a doubleheader each weekend.

In the past we have been able to field teams in the 10U & 12U softball divisions and 9U, 11U, 13U & 15U divisions in baseball. We are always looking for enough interest to field teams in the 8U & 14U softball and 7U baseball divisions.
