'Touching Lives to Change a Nation for Christ'

The Window Opportunity is Wide Open

Literally thousands of people are coming to know Jesus Christ as their personal Savior in the nation of India. Our ministry is focused in the state of Karnataka, India in the south central part of the nation.

The state of Karnataka has a population of over 26,000,000. The state is predominately Hindu, but there is a strong minority of Muslims as well. The mission of Touch India has a great plan for winning souls to Christ.

All of our mission team members get to experience “hands on” opportunities to reach into local Villages, children’s homes and schools with the love of Christ. Our work is with the widows, orphans, and school children helping them to see Christ’s love .

In addition, some of our team will be training local pastors throughout the week. Pastors arrive for the training sessions eager to learn and put to use the sound principles they receive.

Workers at the Children’s home will help teachers as they present the biblical truths of Scripture through stories and songs about our Lord.

When we go “in-country” to the small villages to present the Gospel everyone is involved. We start early and work late covering as much ground as possible while we’re there.

The weather is tropical. The average daytime temperature in June is 85 degrees in the daytime and 72 at night. June is also a time of celebration in India and team members experience a wide variety of colors and pageantry while there.

Then Jesus came to them and said, “All authority in heaven and on earth has been given to me. Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely I am with you always, even to the very end of the age.” Matthew 28:18-20
