The Pre-Kindergarten Express

In Kansas City, there have been many discussions about building a light rail system.

The discussion centers around the costs involved, the anticipated number of passengers, and where the stations will be located.

Whether or not the system is ever built, there are still highways and busses to move people from one place to another.

With education, the fast train of 21st-century education has already left the station! We don't have time to weigh in on the value of jumping on.

At Christ Lutheran Pre-Kindergarten, we are speeding on to new horizons and our students receive:

- God's Word through stories and lessons
- Close bonds and relationships with teachers
- Teachers trained for ministry
- Technologically literate teachers
- Guest presenters that expand learning
- Hands-on use of technology

If your child has not yet enrolled, don't wait! Get on board!

Early Childhood Screenings

Are you interested in having an objective idea about your child's development? If so, please schedule an appointment with Mrs. Heiss for your child's early childhood screening. This information can be important for Kindergarten entrance as well as a great tool for tracking your child's progress. Please call the school at 816-741-8031 or christpk@christlc.com to set up an appointment.

This screening is free and is open to any child ages 3-6 years old. Please invite friends from the community to sign up for the screenings!
