

All Souls Unitarian Universalist Emergency Closing Policy

In order to provide safe and clear instructions in the event of emergency closing due to weather or other unforeseen circumstances, All Souls UU Congregation, New London, CT has drafted the following policy.

It is the policy of All Souls that in the event of inclement weather or other unforeseen circumstances the minister *and* the Board President will decide together if a service or other church activity can take place.

In order to facilitate dissemination of the closing information, the phone message will be changed remotely, WNLC and WSUB radio stations will be contacted, an email posting will be made if possible, and any other means available will be used to contact as many congregants as possible.

Draft 11/1/01
