Re: Cap Board Models OTI CB1 and CB2

Dear Mr. Oliver:

Millard D. Mackey, CFI, State Chief Deputy Fire Marshal, has requested that I respond to your letter/documentation dated March 17, 2004 (received March 22, 2004), concerning your request for the State of Mississippi approval for use of the referenced cap boards.

The Manufactured Housing Division of the State Fire Marshal's Office has reviewed with interest the engineered drawings, testing data, photographs and installation specifications. We have determined that the documentation is consistent with the objectives of the "Mississippi Rules and Regulations for the Uniform Standards Code for the Factory-Built Homes Law (MFH-4)" which is codified as §75-49-1 et seq. of the Miss. Code, Ann., as amended, with respects to installations devices.

Therefore, we have concluded that if your company, Oliver Technologies, Inc., referenced equipment is: (i) approved for use by the manufactured home's manufacturer; (ii) installed in accordance with your company's installation instructions; (iii) is not altered from the specifications identified in your documentation, (iv) meet local jurisdictions' requirements, (v) and, conforms with applicable Federal Standards. Then, it is considered as approved for use in the State of Mississippi.

You may contact this office at (601) 359-1061 with questions or comments.

Sincerely,

MILLARD D. MACKEY, CFI
STATE CHIEF DEPUTY FIRE MARSHAL
