RE: Product Approval

Dear Mr. Larson:

The Division has received a letter dated August 20, 2002 from Mr. Edward M. Salsbury, registered engineer, regarding the testing of your foundation system. In view of this information the Division is reinstating the approval for your All Steel Foundation System. This reinstatement of your approval will not relieve your company of any responsibilities or liabilities in regards to the performance of this product.

Thank you for your prompt and total cooperation in this matter. If you have any questions please feel free to contact me at the above numbers or addresses.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Childers".

Gary Childers
Supervising Compliance Investigator
