

REVENUE DISTRIBUTION INFORMATION FOR NEW DIVISION I MEMBERS

ACADEMIC ENHANCEMENT FUND

As a new member, Division I institutions will receive Academic Enhancement funds the first year they are active. Therefore, if an institution becomes an active Division I member as of September 1, 2012, they will receive the Academic Enhancement funds distributed June 2013.

BASKETBALL FUND

If a new member participates in the Division I men's basketball tournament in March-April 2012, the units for participating will be included in the Basketball Distribution sent April 2013.

GRANTS-IN-AID AND SPORTS SPONSORSHIP FUNDS

A Division I institution will not receive Grants-in-Aid and Sports Sponsorship distributions until their second year as an active Division I institution. The Grants-in-aid and Sports Sponsorship calculations are based on prior year information which would be the institution's first active year. For example, the July 2013 Sports Sponsorship and August 2013 Grants-in-Aid distributions will be based on the 2011-12 academic year information that will be submitted to the NCAA in May of 2013.

SPECIAL ASSISTANCE FUND

The Special Assistance Fund has three components to the distribution calculation. It is based on current year information for Pell Grants and prior year information for Grants-in-Aid and Sports Sponsorship. As an example, the August 2013 Special Assistance Fund distribution will be based on 2012-13 Pell Grant information, 2011-12 Grants-in-Aid and 2011-12 Sports Sponsorship information. A new Division I member institution for 2012-13 will submit Pell Grant information for the 2012-13 distribution. Grants-in-Aid and Sports Sponsorship information would not be submitted due to the fact the Division I institution was not active during 2011-12.

STUDENT-ATHLETE OPPORTUNITY FUND

The August 2013 distribution of the Student-Athlete Opportunity Fund is based on the same information as the 2011-12 academic year information for Grants-in-Aid and Sports Sponsorship.
