

Summer 2014 Women's Certified Basketball Leagues

Updated: 6/17/2014 2:35:39 PM

NCAA Division I student-athletes with remaining eligibility may participate in the NCAA-certified summer leagues listed in alphabetical order by the league name in the table below; **BUT**:

1. Only on the dates identified in the "Certified Dates" column; and
2. Only after receiving Director of Athletics' Permission.

All Division I players must limit their competition to one team in one league. If a student-athlete participates in a two-day activity those student-athletes cannot participate in any other organized basketball activity for the duration of the summer.

If a Division I student-athlete is rendered ineligible for collegiate athletics due to participation in a summer league (prior to permission, without permission, played in multiple leagues, etc.) and is subsequently forced to submit to the student-athlete reinstatement process, the league will be ineligible for certification the following year.

NOTE: League certification **DOES NOT** permit NCAA Division I basketball coaching staff members to attend. Please consult the list of NCAA-certified events to identify those competitions that Division I coaches may attend.
