The City of New Bedford issues the following Addendum #1 for

Purchase and Installation of (15) 16 MP and (4) 5 MP Avigilon Surveillance Video Cameras
Or Equal

August 19, 2019

To: All Bidders of Record

This addendum is issued to advise Bidders of the following:

THE DUE DATE FOR BIDS HAS BEEN EXTENDED TO WEDNESDAY, AUGUST 28, 2019 at 11:00 am.

The Bid Sheet has been revised to include pricing for:

(4) 5 MP Avigilon Cameras

PLEASE INCLUDE THE ATTACHED BID PRICING SHEET IN YOUR IFB DOCUMENTS

Questions for clarifications:

1. Will a corrected new Bid Price Sheet be supplied with the Addendum?

Yes 4 - 5mp cameras avigilon part # 5.0L-H4A-B02-IR-B

2. Is the police department looking for a storage device at each of the locations?

Yes see part number on page 20.

3. Is the 16-item equipment list on page 13 in the bid documents correct or will there be clarification to the requirements?
15 -16mp and 4 5-mp cameras

4. What is the existing PD network that the contractor is responsible to assist the PD in connect the new cameras to allowing the PD to view the cameras remotely?

Fiber

5. Will the town have CAD drawings available that the contactor can use to provide the four copies of As-builts or will the contractor need to create them from scratch? Not sure if we provided this last year to contractors.

There are no CAD Drawings available.

6. Is it necessary for the contractor to supply an NEA4 rated exterior box on the camera poles to house network equipment or will that be provided by others?

Yes

7. Will the Police department provide any necessary police detail while the contractor is working on the poles or will there be additional cost occurred?

We will not provide the police detail.

8. Is there a designation on pole numbers and building numbers on the corners of the streets?

The poles are numbered and were pointed out during the walk through. Additionally, we offered to get the pole numbers while we were in the field.

9. Who will be responsible for the connection of the equipment at the poles to power?

The contractor

10. Will the contractor be installing an enclosure for the equipment or will that be provided by others?

Yes

11. How would New Bedford like the equipment to communicate back to the New Bedford Police Department?

City will supply the network

12. Will fiber be in place to the intersection locations?

The City will be using radio frequency and cellular connectivity until such time as fiber is in place.
13. -If so, what network switching equipment would the City like to be used for communications?

The city has no preference with respect to the switching equipment used.

14. -Will LTE transmission be used?

The City needs clarification regarding this question. Please provide.

15. -If so, what equipment would the City like to be used?

16. -Would the City like power conditioning equipment installed in the enclosure?

   Yes

17. -Would the City like a UPS installed in the enclosure?

   Add as an alternate.

18. -Is there permission for pole use?

   There will be

19. -All locations will need to have a detail?

   Most likely
