Damage to buildings and appurtenant structures caused by delivery trucks must be arranged to be repaired within twenty-four (24) hours after notification by the School District.

A substitute product, of the same or superior quality, must be offered at or below the bid price. The school district reserves the right to reject substitutes. If no substitute product of equal and/or superior quality is available and/or acceptable, and the school district must buy the item elsewhere at a higher price, the school district may back charge the vendor the price difference. The Director of the school district must approve the substitution(s).
Each school district will issue its own purchase orders and will make its own payments.
Each school district will be invoiced only for those products ordered and delivered.
