This addendum is issued to advise Bidders of the following questions and answers:

1. Is this “prevailing wage” work?

   Prevailing wages applies to the moving of Office Furniture. It would not apply to this service.

2. Do all of the 27 polling stations need to be done within the 5am to 6:45am time period the day before the election?

   All polling locations must be delivered to and set up by 6:45 am on election day as we are mandated to have polls open to voters by 7am. Movers begin delivering automark machines for hearing/vision impaired the Wednesday or Thursday the week prior to elections. The day prior they begin delivering tables/booths/flags and setting up the polling locations. Day of election starting around 5am they pick up voting machines and election supplies and deliver to polling locations. In the locations we do not have opportunity to set up prior they would ensure they are finished with the set up. Based on access some locations allow the movers to deliver early in order to save time on election day.
