ADDENDUM NO. 1

to the Contract Documents for
New Bedford Buttonwood Zoo – Fire Alarm Upgrades
New Bedford, Massachusetts

Mount Vernon Group Inc.
47 North Second Street
New Bedford, MA 02740

Addendum Date: June 6, 2018

TO ALL BIDDERS AND SUB-BIDDERS

This Addendum modifies, amends, and supplements designated parts of the Contract Documents for the New Bedford Buttonwood Park Zoo – Fire Alarm Upgrades, New Bedford, Massachusetts set dated May 23, 2018, and is hereby made a part thereof by reference and shall be as binding as though inserted in its entirety in the locations designated hereunder. It shall be the responsibility of each General Bidder and all Filed Sub-Bidders to notify all sub-contractors and suppliers he/she proposes to use for the various parts of the works, of any changes or modifications contained in this Addendum. No claims for additional compensation because of the lack of knowledge of the contents of this Addendum will be considered.

THE NUMBER OF THIS ADDENDUM MUST BE INSERTED IN PARAGRAPH B. OF THE "FORM FOR SUB-BID" AND IN PARAGRAPH B. OF THE "FORM FOR GENERAL BID"

THIS ADDENDUM CONSISTS OF PAGES NUMBERED: AD1-1 through AD1-2, inclusive

ITEM 001 INVITATION FOR BIDS, CONB Pages 2 and 3 of 106:

Sealed Bids for General Contract: DELETE 1:00 PM on June 7, 2018 and REPLACE with new date and time of 1:00 PM on June 14, 2018
GENERAL

ITEM 001 RFI Responses:

Question: The intent of the project is to replace the FACP and existing fire alarm devices with new while reusing the existing back boxes and wiring. In order to accomplish this, the each building will be without a fire alarm system for an unknown time period. What if, any, provisions will have to be made by the contractor during this time period in order to satisfy the local AHJ?

Answer: The Intent is to have an operable fire alarm system (existing or new) during the course of construction and kept operational at the end of each work day.

Question: The four existing networked FACPs are all currently in a ground fault trouble. Considering the wiring will be reused on this project, will the FACP be cleared of all troubles prior to the project beginning? If not, will an allowance to troubleshoot and correct all troubles be included in the project since this will be an unknown at bid time?

Answer: The Intent is to have an operable fire alarm system (existing or new) during the course of construction and kept operational at the end of each work day. No allowance has been accounted for.

END OF ADDENDUM NO. 1
