I stopped the vehicle in the 200 block of Ridgewood Dr. I made contact with the driver and advised him what he was stopped for. The driver advised that he did not have a driver's license and identified himself by Mexico ID card as Jose Pizano, w/m, dob x. A check through my MDT and with MCSO Dispatch showed that Pizano had an outstanding warrant, #CC5396, out of Montgomery County JP 2 for No Driver's License. I detained Pizano, awaiting confirmation from MCSO Dispatch. MCSO Dispatch advised the warrant was confirmed and I placed Pizano in custody for the warrant. I issued Pizano citation #52000708 for the offense of No Driver's License and the vehicle was released to his son. His son identified himself, by Mexico ID card, as Abel Pizano, w/m, dob x. On 01/23/18 at approximately 1151 hours I, Officer Kennerly, was dispatched to an assault past, located at 27238 Woodson Road, at Kwik Serv. The reportee and victim, Tia Collins, black female, date of birth x, and the actor, Cynthia McCollough, black female, date of birth x, had both already left the scene. Collins called from her residence at 19563 Main. I went to Collins's residence where she wrote a statement and showed me the scratches on her forehead and left hand. Collins advised me that she went inside Kwik Serv and was at the checkout counter when McCollough came in, got right beside her, and purposely bumped into Collins. Collins then bumped into McCollough and some words were exchanged. Collins told McCollough "Happy New Year" in a sarcastic manner and walked out the door. McCollough followed behind Collins and attacked her, scratching her, and hitting her. Collins advised she fought back only to defend herself. Collins advised that she wanted to pursue charges. Collins and McCollough know each other very well. Collins told me where McCollough lived, so I went to see if she was at home, at 9805 Simmons, #A. She was not there though. I went to Kwik Serv to try and see if there was any video of the assault. When I arrived at Kwik Serv, McCollough was on location. McCollough advised me that Collins pushed her first. She then pushed Collins and then they got into a fight. McCollough advised me that she did strike Collins first. A third party, who did not hang around, broke fight up. McCollough also provided a written statement. McCollough did cause bodily injury to Collins, but due to McCollough being the caretaker of her sister who is a special needs person, she was not placed in custody today. Photos were taken of Collins injuries and added to this report. Both statements are also available. While I was at Kwik Serv, I asked the cashier if she saw what happened. She advised McCollough pushed Collins first and was the aggressor. The cashier did not wish to get involved in any way. Surveillance video showed Collins being pushed first, but when the fight went outside, there was no good camera view.

As I walked out of the back door of the Police Department, I observed a white male standing, facing to the south, with his back to me. He was near our patrol cars at this time. I asked him if there was something I could help him with. It was at this time that he turned around and I noticed he had a GO PRO strapped to his front chest and he was holding what looked to be an I-PHONE in his hand. He stated that he was just out taking pictures. I asked him if he needed assistance from the Police Department and he stated no. I asked him for his name but he refused to give it to me. I asked him to leave and he stated that it was public property. I asked him to leave again and he stated that he was an independent reporter and he was about to go into the front lobby. I advised him the office was closed. I asked him why he wanted to go in the office. He stated that he wanted a complaint form. I

advised him that he could come back on Monday and file a complaint if he wished to. I asked him for his name but he refused to give it and said I was unlawfully detaining him. He stated that he was leaving and he was going to stand in the front by the street and video some more. The male appeared to be in his mid 20's. He had a short buzz cut haircut. He also had black ink tattoos on both forearms. He was wearing a red short sleeved t-shirt with a pair of faded jeans and a pair of brown cowboy style boots. I did not see a vehicle parked in the back lot. I then drove to the front lot and noticed the unknown male was standing near the front driveway. I stopped at the front driveway and noticed this male was on the phone. I then rolled down my window to take a photograph of this male with my city cell phone. As soon as he noticed I was taking a photo, he put his hand up in front of him to block the view of his face. I then drove off to the west and pulled into the parking lot at 27326 Robinson Rd. I called MCSO Dispatch and notified them of the Suspicious Person that I was out on. I believe he was actually at the Police Department to incite a reaction from the Police Department. I asked MCSO Dispatch to notify other Units and Departments that this male was in the area. While I was stopped in this parking lot, I observed a blue 4 door passenger car pull out of the parking lot of the SOJOURN Academy and turned east onto Robinson Road. I then pulled out on the roadway and attempted to catch up to this vehicle. The vehicle then turned north on Hanna Rd. I was able to get behind the vehicle as it continued north onto Oak Ridge School Rd. Once behind the vehicle, I observed it was a blue Ford Escape 4 door, bearing Oklahoma LP # CPU128. I ran this LP and it came back registered to a Ronald Goforth at 508 Hilltop Pl, Muskogee, OK 74403-7515. When I made initial contact with Michelle, I observed redness and swelling around her left eye as well as a red circular mark on the left side of her nose. I asked Michelle what had happened for her eye to be swollen and red. Michelle advised me that her daughter, Cheyanne Henderson (W/F: DOB x) was at the house earlier that evening when a verbal argument occurred. The argument was over Cheyanne repeatedly refusing to take her grandmother to the store to get groceries earlier that evening. Michelle's ex-husband ended up taking the grandmother to the store. The argument continued until it turned physical when Cheyanne punched Michelle, with a closed fist, in the face twice; knocking Michelle's glasses off. Once Michelle was punched in the face she called the Police. Cheyanne left the house in a white Chrysler, unknown plate, model, or direction of travel before I got there. Michelle also advised that even though Cheyanne left before we got there, that she also lives at the address where the assault occurred. Michelle provided me with a voluntary statement of the events that led up to her being punched in the face; as well as a complaint wishing to pursue charges of assault against Cheyanne. The grandmother was in the room and witnessed the assault on Michelle by Cheyanne but refused to provide a written statement. The grandmother did verbally confirm that the statement Michelle provided about the assault was accurate. I took photos of Michelle's facial injuries and provided her with information for family violence victim assistance at 2135 hours.

I asked ACTOR to come out and speak with me and my partner, Officer J. Young (2747). Once ACTOR was outside, he stated that he was playing Call of Duty on-line and was talking to REPORTEE. He stated that he told REPORTEE that he was wanting to hurt himself. Once ACTOR stated this, MCHD Medic 25 was called to the scene and was advised of what ACTOR said. ACTOR was then asked if he wanted to go to Tri-County and get some help. ACTOR said yes. I then made entry into the residence to locate his guardian. I had to knock on a bedroom door on the far west of the residence. After knocking, a male in the room asked who it was. I advised him that I was with the Oak Ridge North PD. The male opened the door and he was identified as FAMILY MEMBER (DOB x). I was informed that he was ACTOR's grandparent. FAMILY MEMBER said that he was not ACTOR's legal guardian but ACTOR does live at his residence. I advised FAMILY MEMBER that ACTOR was wanting to be transported to Tri-County because he was wanting to hurt himself. I told FAMILY MEMBER how to get to Tri-County. I asked him to turn it off but due to how intoxicated he was he could not turn off the engine. Lopez was asked to step out of the vehicle so that Deputy Berry could conduct SFST's on him. He cooperated but he was unable to maintain his balance and had to be helped several times to stand still. I assisted Deputy Berry with translating the SFST instructions to Lopez and making sure he understood what the test required of him. After SFST's were completed and the DIC was read to Lopez, I assisted Deputy Berry in advising Lopez if he would

consent to a blood draw. Lopez consented and he was then taken into custody by Deputy Berry for DWI and transported to Memorial Herman for a blood draw. This report is a supplement to Sheriff's Deputy Berry's (6P1012) report #18A028061. Deputy Berry had Lopez's vehicle, displaying LP # JMC3309, towed by Loveday Towing to 28075 Robinson Rd.

On 01/31/2018 at approximately 1953 hours, I, Officer Young was dispatched to a MVA on the north bound main lanes of IH-45 just south of Woodlands Parkway. I arrived on scene to find a 2012 Black F-350 displaying TXLP#BW52570 facing East on the far-right main lane of IH-45 with damage to front right wheel, bumper, damage to the passenger door and all airbags deployed. I made contact with the driver identified by Texas DL#X as Jason McNew(W/M;DOB:X) pacing around the vehicle. I asked Jason what had happened that caused the accident. He advised he was in the HOV lane and tried to change lanes to the right and struck the back of a semi-truck. Jason advised he was tired and ready to get home and just made a bad move and hit the truck. I talked to witnesses of the accident say that Jason was weaving in and out of the HOV at high speeds, they advised he was just unable to maintain his lane and was very erratic in his driving behavior. While speaking to Jason I noticed that his eyes were blood shot and glossed over. I moved the crash scene off the main lanes to 27600 IH-45 N Feeder and transported Jason in my patrol vehicle as his truck was not drive-able. Upon checking to see how many airbags deployed in the vehicle, I observed an open Redd's Apple Ale beer bottle laying on the front passenger floor. While transporting Jason, I began to smell an odor of an alcoholic beverage coming from Jason in my vehicle. I asked Jason if he had anything to drink that day, Jason

advised he had 3 beers around 1800 hours as he was hog hunting earlier that day. I asked Jason if he had anything to eat when he was drinking and he advised he had a sandwich. Upon arriving to 27600 IH-45. The semi-truck that Jason struck was waiting in the parking lot of 27600 IH-45 N Feeder. The semi-truck that was struck by Jason was towing a flat-bed trailer fully load and you could see where the F-350 struck the driver side rear tire and corner of the trailer. I had several witnesses write voluntary statements saying what they saw leading up to the accident. I performed SFST's on Jason to determine if he may have been intoxicated at the time of the accident. Jason advised he didn't wear any glasses or contacts and had no previous head injuries or any injuries from the accident he was just in. I advised Jason that I was going to have him complete a few field sobriety field tasks to which he agreed to do. I then explained the Horizontal Gaze Nystagmus(HGN). Jason had equal tracking and pupil size with no resting nystagmus. Jason then reaffirmed that he had no previous head injuries or had a head injury from the accident. I explained that I needed him to follow the tip of my pen with his eyes only, Jason verbally stated he understood the directions I gave him. Jason moved his head the first two times I tried to perform the test on him. Jason had lack of smooth pursuit in both eyes, distinct and sustained nystagmus at maximum deviation in both eyes, and onset of nystagmus prior to 45 degrees in both eyes. Jason also showed all 6 clues, 3 in each eye. I then had Jason stand on one-leg with his arms by his side and count to 30. I asked Jason if he understood the directions and he replied that he did understand. During the one leg stand Jason was unable to maintain his balance, put his foot down repeatedly, also stepped to the side to catch himself multiple times, miscounted as well as skipped a few numbers in the 20's. Jason didn't finish the task and just stopped and started the phrase just do what you are going to do. Jason was then tested on the walk and turn, myself and Sgt Barry both demonstrated how we wanted Jason to perform the test. We asked Jason to take nine steps. Touching heel to toe each step with his hands down at his side, then to walk back nine steps the same way. We both asked if he understood how to do the test and he advised that he understood. Jason was using his arms to attempt to balance himself, he was unable to maintain his balance, couldn't finish the test, didn't walk heel to toe and was starting before he was instructed to do so several times. A copy of the DIC-24 and DIC-25 was placed into Jason's property bag. Jason's truck was towed by CFM Towing to 6307 Big Oaks, Jason's wife was given the tow information at the scene.
