

Reincarnation

CAST COATED C1S

**DO YOU BELIEVE
IN REINCARNATION?**

Fine art thrives on Reincarnation Cast Coated C1S, the designer's choice for projects craving an ultra-flat sheet as mirror smooth as a lake at sunrise. With its impressive recycled content, Reincarnation Cast Coated C1S is for those who treasure paper as much as they treasure trees.

REINCARNATION

Cast Coated C1S

Reincarnation Cast Coated C1S is a true pioneer, integrating a uniform, mirror-smooth print surface with high recycled content. It prints what the camera sees: crisp, true colors, gripping detail and a glossy finish. Because fine art merits an environmentally stellar sheet, Reincarnation Cast Coated C1S is 50% recycled, 30% post-consumer waste, 50% processed chlorine free and manufactured with 100% renewable energy offsets.

USES: Suitable for high-end lithography, digital printing, annual reports, marketing materials, publications, cards, posters, calendars and more.

	size	m weight	sheets/carton	sheets/skid
10 pt	 18 x 12	67.30	1,000	—
