"Hark, the (year) of ten is sounding! Though years have rolled over their heads, loudly let the trumpet bray! Time sped, and (then) at the end of (ten) year(s), here we are again at the scene of our former triumphs. I was a pale young (singer) then, ah, many years ago, (but) at last we've hit on a capital plot (for) a theatrical crew, each member a genius and some of them two, so it really doesn't matter. If you give me your attention, I have a song to sing, O. Then let the throng our joy advance!!!!!!!!!!!!!!"

"Oh Rapture!" (generic G&S.)
