STUDENT RELEASE FORM

Introduction

The Ohio Resident Educator Program requires teachers to begin their careers with four-year resident educator licenses. During this time, Resident Educators (RE) must complete all four years of the program and successfully pass the Resident Educator Summative Assessment (RESA) in their third or fourth year of the program in order to qualify to receive a five-year professional educator license. The assessment calls for Resident Educators (REs) to demonstrate their ability to design and implement instruction that engages students in complex thinking and in using formative assessment to inform their teaching practices.

As part of this assessment, your child's teacher will be bringing video and audio recording devices into the classroom, to videotape and/or otherwise record him or herself at work with your child's class, as well as to videotape and/or otherwise record the children at work with each other and individually.

Privacy

The recordings made in the classroom are intended for educational and professional development use. They will be viewed by members of Ohio's Resident Educator Program, other educator training and professional development programs and their various partners and collaborators, using the Internet and other media. Your child's full name will not be used in any program. The videotapes and photographs will not be disclosed to or viewed by anyone else unless such disclosure is permissible under the Family Educational Privacy Rights Act (FERPA) and other applicable laws.
