PLACENTIA THE RANDELLS

Birthdays:

Roy: December 4

Marion: September 12

Anniversary: June 27

Email: royrandell@yahoo.ca

Box 601

Placentia NL A0B 2Y0

Placentia is the hub of a vast area surrounded by many smaller communities with a combined population of approx. 12,000 people according to the town's 2013 official records. "Family Worship Centre" is the only evangelical church on the whole Southern Avalon. We are now entering our 8th year of ministry in this area and it has been amazing to see God change lives, souls saved and families restored. The new Church building and renovations have proven to be a great Blessing to the Lord's work here, by making the work and the means to do it more visible in the community.

Construction at Long Harbour which is 30 minutes away continues to breathe new physical and financial life into this area. There are many new homes under construction throughout the area with young families returning home from away.

Average Church attendance is 20 but there is at least 30 who come at diff. times. Youth are involved in worship each Sunday. Youth group attendance averages 11 but we have 16 registered. Our children's program continues to be a challenge given the culture & context.

Prayer requests

- Holy Spirit to bring conviction and repentance and continue to remove barriers of religion.
- Committed people to come alongside in the ministries.
- Understanding of this culture and open doors to minister effectively
