LEADING TICKLES THE PENNEYS

Box 13, Site 5, R.R. #2

Botwood NL A0H 1E0

The Penney's began their ministry in Leading Tickles in 2012.

Leading Tickles, with a population 500, is located 57 kilometers north of Botwood. This assembly began in 1966 through ministry from the Point Leamington church. There are 5 people presently in pastoral ministry from this assembly.

Like many outport assemblies it has been affected by out-migration, fishery changes and ever increasing costs which have affected its ability to be self supporting. This assembly of committed people, averages 40 in attendance and has potential to return to self supporting status. The ministry of the assembly includes a successful children's ministry.
