

***PAONL Family Ministries Monthly Challenge
March 2014***

THEME:
"Crystalized Creations Contest"

SCRIPTURE:
Genesis 1:1-27

CHALLENGE:
This has been an incredibly cold and long winter. Rather than sitting around and complaining about it, take the opportunity to enjoy it with your family. Dress up warm, and take the family outside for a "Crystalized (snow) Creations Contest". This can be a team or individual competition. Give a time limit in which each person/team must create their own snow sculpture. Make it a competition where each one must do their best (but not too competitive!). Have a crazy prize for the winner (ie. ice cream cone, snow shovel from dollar store, an ice cube, etc.)
Following the competition, go inside and enjoy a mug of hot chocolate. While gulping down the scalding sweet cup of deliciousness, read the creation account in Genesis 1. Ask your family about the challenges experienced while building their creations. While looking into Scripture, discuss how God created EVERYTHING simply by speaking it into being. Use this opportunity to talk about the awesome power of our Incredible God.
