**THE GORDON'S**

Glen and Karen

---

Glen and Karen Gordon spent one year (June 2006-June 2007) in the province of Zambezia, Mozambique where they were teachers at the Bible School.. In June 2007, the Gordons relocated to the capital city of Maputo. Glen is presently teaching several courses at the Bible School at the third year level, and has assumed leadership of the Bible School Extension course (E.T.E.) for the four southern provinces of Mozambique. There are more than 105 extension schools in all ten provinces of the country with over 1,500 students studying the Word of God. This is a 4-year extension school Bible course covering 32 disciplines, matriculating with a basic ministerial

diploma. Glen is also coordinating and teaching a pastors' seminar in the nearby city of Xai-Xai, 200km north of Maputo. Approximately 35 local pastors come to this full-day seminar every other Wednesday. Karen is using her nursing skills in various ways and on occasion is called upon to offer her expertise among field members. She has also been involved in teaching Grade 4 and 5 at the Christian Academy of Mozambique (C.A.M.), where our children have previously attended. Please keep the Gordons on your prayer list, there are many dangers in the city of Maputo as well as in extensive travel throughout the country.
