affected by HIV/AIDS. At the *Nikki's Place – Agape Home* new site we currently have 55 children ranging in age from a few weeks to 13 years. The children are living longer, healthier lives and will soon need more living space. In keeping with this reality we have just concluded an agreement to purchase additional land in front of our present property where we will be able to provide for the living requirements of pre-teens and teens. We are extremely grateful to God for his faithfulness in enabling us to have such an impressive facility as *Nikki's Place – Agape Home*, where many lives are being touched by the love and power of God.

As you know, we are involved in an ongoing building project to provide a facility whereby we can care for an increased number of children directly
