

Youth Discipleship Checklist

The following discipleship topics are those that the Provincial Youth Department believes are **vital** to be teaching to your youth. We would suggest that these topics be covered over a two year period and then cycled again. Without **consistent, intentional, and thorough** coverage of topics such as these, we will be producing **unbalanced disciples** out of our youth ministries. These topics may be taught in a variety of approaches, from weekly youth services, small groups, Sunday School, and guest speakers. This is simply a **checklist** for **you** to determine how adequately you are teaching your youth our foundational doctrines.

TOPIC	COVERED (Y/N)	DATE COVERED
